OGDEN BOARD OF EDUCATION

Teachers Assigned to the Various Schools for the Coming School Year.

The board of education met in special session last evening for the purpose of assigning the teachers to the various schools for the next school year. While this was the object of the meeting, at least two other matters were taken up and disposed of. It was definitely decided that military training should become a part of the high school course. J. E. Thompson submitted his resignation as matron. It was decided to secure one of Yost's men from the University of Michigan as instructor in athletics and teacher of mathematics. The matter of military training will be placed in the hands of Captain W. E. Kneass of the local militia company. The Central school property to George E. Maule, was voted a few weeks ago for \$10,000, was brought up. OGDEN SALOON HELD UP.

Two Masked Highwaymen Secure \$30 and a Watch.

Shortly before 3 o'clock yesterday morning two masked highwaymen entered the Red Sea saloon at 403 Grant avenue and commanded Mike Farina, the bartender, to throw up his hands. Farina was alone at the time and had no other alternative than to obey the command. He was then ordered at the point of the gun to enter a side room, where he was carefully guarded while the second man rifled the cash drawer of about \$30. Not satisfied with the amount of the cash, the highwaymen took Farina's watch, after which they backed out of the saloon. As soon as he was certain that the robbers had gone Farina notified the police and although there were a dozen policemen on the scene five minutes after the hold-up occurred no trace of the thieves was secured. The usual long and short man description was given as a clue for the police to work on.

Funeral Today.

The funeral of John Lindblad will be held at the Swedish Lutheran church at 2 o'clock this afternoon. The services will be under the auspices of the local Tailor's union and the local lodge of the Knights of Pythias, both of which the deceased was a member.

WILEY BEHIND WITH DUES

Suicide at Ogden Has No Claim Upon Order of Eagles for Death Benefit.

Although C. W. Wiley, who committed suicide by the way of the morphine route on Tuesday left a note addressed to the corner in which he asked that a post mortem be not held and that it was a deliberate case of suicide, an inquest will be held at the city hall at 10:30 o'clock this morning to determine legally the cause of death.

The local lodge of the Fraternal Order of Eagles yesterday received a telegram from the lodge of the same organization in Emporium, Kan., of which Wiley was a member. From the information contained in the telegram Wiley was in arrears with his dues at the time of his death and thereby not entitled to the benefits of the organization. A certain attorney in Colorado, who Wiley directed be notified, is yet to be heard from and until some word is received the disposition of the body will not be announced. In the meantime the two sons of the suicide are being cared for by Vince Gaston, a member of the local lodge of Eagles. No word from the woman who is said to be the cause of all the trouble has yet been received.

TRAINMEN EXAMINED.

Rio Grande Western Employees Supposed to Be Up on Rules.

The board of examiners of the Rio Grande Western were in Ogden yesterday and will be here for some time examining all of the engine and trainmen running out of this point, as to their construction of the various rules of the company. This board, which consists of one engineer, one conductor, and a train dispatcher, has been in existence for about six years. The idea of the examinations is so that all men in the train service may have the same construction of all rules and thus avoid the possibility of an accident thereby.

Pitcher Bledsoe is expected to arrive in Ogden today or tomorrow. Bledsoe was with the Ogden team and went to Spokane with Gimlin.

This committee will solicit aid from all those to be directly benefited. It is their intention to pay particular attention to the advertising of the various resorts in and adjacent to the city.

We Have Spent \$110,000.00 in 15 Weeks to Advertise Advertising

That we believe in the effectiveness of our own advertising service is evidenced by the fact that we have spent \$110,000.00 of our own money in the last 15 weeks behind our own copy and campaign to advertise our own business in this newspaper and hundreds of other good advertising mediums.

THIS is the last of a series of advertisements which we have placed in this newspaper and hundreds of others throughout the country for the past few weeks.

We are paying \$5,000.00 to the newspapers for running this one advertisement of our own business that you are reading today.

We have spent \$70,000.00 this season in this and other daily papers to tell you of the Lord & Thomas Advertising Service. In addition we have spent \$40,000.00 in advertising our own business in national mediums of general circulation—a total of \$110,000.00.

Now mark this:—

Any permanent success in advertising must be built on an article or service of real merit.

The more merit there is in what one has to sell the more advertising it justifies and demands.

And because we give superior advertising service we can afford to advertise it liberally—to spend \$110,000.00 in 15 weeks.

The very volume of our business (the largest of its kind in America) enables us to retain more \$5,000, \$10,000 and

\$20,000-a-year brains for the preparation of advertising campaigns than any other three agencies in the country combined.

If you have something to sell which is superior to other things in its line, WE want to talk to you about advertising.

If you believe in your goods as thoroughly as we believe in ours we will be glad, if you say so, to have some of our ablest men discuss your business problems with you.

It is costing us \$110,000.00 to offer you our most judicious and enthusiastic co-operation in much more than advertising.

Has our money been well invested with you? Has it influenced and convinced you to consider our service?

One of our representatives is in your city looking after the interests of some of our present clients every few days. That is why we are advertising in this newspaper—to you—NOW.

A letter, signifying that you will grant us an interview in your office, will not obligate you in any way.

We are issuing a series of small books (cloth bound) covering advertising in all its phases, which we send free to interested advertisers.

In this sale, too, are many pianos that are showmen, that are just a little marred from being on display in our warehouses, and many brand new pianos, too, that we bought at bargain prices from manufacturers in the dull summer months when they were glad to sell at actual cost and less to keep the factory going and the workmen busy.

Have You a Piano?

No home is complete without one. Every home that has one is brighter and happier.

We do not think you can offer any good argument against having a piano in your home. You must admit that a piano brightens, cheers, refines, educates and helps bind the family together. You are neglecting your children if you are not giving them the opportunity of getting some musical education. The prices and terms now, during this sale, are such that everybody can own a piano.
